STEBEN COUNTY

*A Brief History by Richard G. Sherer, Past County Historian
and John Ormsby, past Deputy County Historian*

Steuben County's great-great-grandmother county was Albany, its great-grand mother county was Tryon, its grandmother county was Montgomery and its mother county was Ontario. The County of Steuben was formed by an act of the legislature from Ontario County on March 18, 1796 and was named after Frederic William Augustus "Baron Von Steuben", a German drill master in the Revolutionary War. Steuben County at that time had a population of about 890 people and an area of about 50 miles square. Over the years portions have been annexed to Allegany, Yates, Livingston and Schuyler Counties, so that the present size of Steuben County is 1,397 square miles of land area. As a matter of comparison, Steuben County has 348 more square miles of land area than the State of Rhode Island.

In 1788 Phelps and Gorham obtained the Genesee Tract of 2,600,000 acres from Massachusetts by an act of the state legislature. Two years later they conveyed to Robert Morris, the great colonial banker and merchant, the remaining unsold 1,200,000 acres. In 1792 Morris sold to Colonel Charles Williamson, agent for the Association of British Capitalists, nearly 1,200,000 acres, which became the Pulteney Estate. The territory was surveyed into townships and lots for the Pulteney Estate. In 1793 Colonel Williamson commenced settlement at Bath, now the County seat.

Steuben is a rural county with a population of approximately 100,000. The strength of the county's economy is found in its diversity of farming, manufacturing and tourism. There are many wineries and historic museums that attract thousands of tourists each year. Thus Steuben County, though rural, has a vigorous economy and offers a natural beauty, serenity and comfortable living throughout its hills and lake lands.
